

James' Dinner Deliveries

Fresh. Flavour. Freedom.

James' Dinners can provide you with fresh vacuum sealed meals and snap frozen meals.

We have spent a great deal of time sourcing the best products available and researching the cooking methods that preserve the flavours, colour and goodness of the meal. These same cooking methods also deliver succulent and tender meats.

We can provide you with a wide range of meals from home style

dinners such as 'Old Fashioned Roast Pork served with Potatoes and Apple Sauce' to a gourmet meal such as 'Baked Salmon Fillet served with Gourmet Potatoes and Hollandaise Sauce'.

James' Dinners also provide a range of yummy treats for dessert including our tasty Boysenberry Cheesecake.

As our range of meals is frequently updated please contact us for our current menu. We will then continue to provide you with the latest menu as it is updated.

Fresh Meals

James' Dinners brings you freshly vacuum sealed meals. After vacuum sealing, the meal has a self life of two weeks in the fridge.

If the meal is not consumed within two weeks, no problem, just pop it in the freezer to eat at a later date.

Frozen Meals

Our frozen meals are made ready to heat and eat (microwave or oven). The meals are prepared in the same way as the vacuum sealed meals, but once sealed are snap frozen to preserve the flavour, colour, and goodness.
